

1. Confirmation:

SL: Your discovery call has been scheduled

PV: N/A

Hey {first_name},

You've officially scheduled our discovery call.

Please do two quick things before you close this...

The first is saving and bookmarking your access now: [LINK].

The second is blocking off about forty-five minutes in your calendar: [LINK].

You can feel free to bring as many questions as possible.

I'm looking forward to it.

- Amare

P.S. I'll be sending over resources in the next few emails.

2. Unique Mechanism:

SL: The shift that changed everything

PV: N/A

Hey {first_name},

I want to walk you through something before our discovery call.

Everybody wants to make the most of their life instead of going down the typical route.

Most people do it with traditional real estate, which is engineered to serve the banks, not the public.

It requires a deposit upfront, loan servicing every single month, and tying yourself down.

This means that you never have a chance, end up working for the bank rather than yourself, and have success delayed by decades.

You can flip the script with “AirBnB Arbitrage” instead.

It only asks for a furnishing budget upfront, pays itself off every single month, and isn't associated with bureaucracy.

This means that you can begin today, experience a snowball effect, and have success now as opposed to retirement.

I'll map it all onto your situation and come up with a game plan throughout our discovery call.

I'm looking forward to it.

- Amare

3. Recap:

SL: BnB Wealth Academy in a nutshell

PV: N/A

Hey {first_name},

I don't want you entering our discovery call without any idea of what's on the table.

BnB Wealth Academy is where I work with you to run your first cash-flowing property in the next ninety days using “AirBnB Arbitrage.”

Here are the main deliverables inside of it:

- One-on-one coaching calls where you can hold my hand the entire way.
- One-on-one access so that you can tap into all of my knowhow.
- Group coaching calls in order to have concepts explained in real time.
- Course content to be taught absolutely everything.
- A community of others cash-flowing on their first properties.

There are also a ton of other bonuses that I'm not even mentioning right now like the *Landlord Proposal*.

I'm looking forward to it.

- Amare

4. Case Study:

SL: Pure profit on all of those bookings

PV: N/A

Hey {first_name},

Let me tell you about one of my students.

He got a landlord to agree to him renting out their property in record time.

He got a guest to book a stay for a long weekend soon afterwards.

His bookings throughout the rest of that month were pure profit because his rent had already been covered.

The only thing standing between him and yourself was the decision to make a change.

You're closer than you think and we'll get into that more on our discovery call.

I'm looking forward to it.

- Amare

5. Objection Handling:

SL: Let me stop you in your tracks

PV: N/A

Hey {first_name},

I'm going to answer some of my frequently asked questions right now so that we can jump straight into important stuff on our discovery call.

Here are the ones that I've been getting the most lately...

You might think that you'll be pushed into something you're not ready for.

The thing is that the entire purpose of this is to determine whether or not it's a good fit.

You might think that I'll make you feel bad if you decide it isn't for you.

The reality is that I would much rather you walk away than commit while being on the fence.

You might think that you need to have everything lined up beforehand.

The whole point of this is that we fill in all of the blanks together.

You might think that you're walking into it completely blind.

The truth is that I'm going to map your situation and come up with a game plan from there.

We'll clear up anything else that's still on your mind throughout our discovery call.

I can guarantee that you'll find it insightful and helpful anyway.

I'm looking forward to it.

- Amare

6. Conviction Building:

SL: It's different this time

PV: N/A

Hey {first_name},

I'm sure you understand by now that this is the best approach to making the most of your life instead of going down the typical route.

You might be wondering whether or not it actually makes sense to pursue though.

It's important to understand that there are more landlords than ever seeking out people like yourself and more guests than ever craving a place to stay.

The thing is that taking this approach alongside somebody else who's already done it successfully allows you to skip straight past the guesswork.

Our discovery call will give you a chance to learn more about that.

I'm looking forward to it.

- Amare

7. Reminder / Risk Reversal:

SL: It's going down

PV: N/A

Hey {first_name},

Our discovery call is happening later today.

Let me strip away all of the nerves before we speak with one another.

I want to remind you about my guarantee to continue working free of charge if you haven't got it working by the end of our timeframe.

This means that you're covered right up until the point where it doesn't matter anymore.

The only real way to lose here is by never taking a strike at winning.

All I'm going to ask is that you keep an open mind throughout it.

Here's the link for the discovery call by the way: [LINK]

I'm looking forward to it.

8. Reminder / Urgency & Scarcity:

SL: One hour left

PV: N/A

Hey {first_name},

Our discovery call is happening in about an hour.

I want to be straight with you about the timing aspect.

I'm just taking on ten people in this particular cohort and it's only going to be open for the next three days.

You want to take immediate action if I've piqued your interest whatsoever.

Our discovery call gives you the chance to do that: [LINK]

Just make sure that you join up on a laptop while sitting inside of a quiet room.

I'm looking forward to it.

- Amare
